

Gavin Herbert Eye Institute 14 th Annual Colloquium		
Virtual 1-Day Event		
Saturday, October 17, 2020		
Saturday, October 17, 2020		Speaker
8:00 - 8:05 AM	Welcome	Sam Garg, MD
8:05 - 8:10 AM	ARS	
8:10 - 9:30 AM	Retinal Disease: Imaging, Differential, and Therapeutics	Moderator: Baruch D. Kuppermann, MD, PhD
	Inherited retinal diseases: a roadmap to therapeutics	Rebecca Kammer, OD, PhD
	Phase 2b data from the project on Human Retinal Progenitor Cells for the Treatment of Retinitis Pigmentosa	Baruch D. Kuppermann, MD, PhD
	Visual function testing	Andrew Browne, MD, PhD
	Choroidal lesions: nevus, melanoma, or other	Stephanie Lu, MD
	Diabetic retinopathy - updates in medical and surgical management	Mitul Mehta, MD
	Retinopathy of prematurity: current screening and management strategies	Mohammad Riazi, MD
	Discussion	Faculty
9:30 - 9:50 AM	Break with Exhibitors and Breakout Discussion	
9:50 - 11:30 AM	Anterior Segment 1: Cornea + Cataract	Moderator: Sam Garg, MD
	Therapeutic and refractive corneal cross linking in keratoconus	Richard Lindstrom, MD
	Q+A with Richard Lindstrom, MD	
	Ocular surface disease - current management and future directions	Sam Garg, MD
	Neurotrophic keratitis: diagnosis and management	Marjan Farid, MD
	RhoKinase and endothelium	Matthew Wade, MD
	Complex case(s)	Sam Garg, MD, Matthew Wade, MD and Panel
	Discussion	Faculty
11:30 - 12:00 PM	Break with Exhibitors and Breakout Discussion	
12:00 - 1:40 PM	Anterior Segment 2: Glaucoma + Cataract	Moderator: Sameh Mosaed
	OCT in glaucoma: what to look for and how to interpret	Felipe Medeiros, MD, PhD
	Q+A with Felipe Medeiros, MD, PhD	
	The truth and consequences of glaucoma medication compliance: the role of artificial intelligence	Ken Lin, MD, PhD
	Treatment principles for non-infectious uveitis and updates in management	Olivia Lee, MD
	Cannabis in glaucoma	Sameh Mosaed, MD
	IOP measurement alternatives in the COVID era	Sameh Mosaed, MD
	Current prescribing algorithm for the glaucoma patient	Igor Bussel, MD
	IOLs: pipeline	Sam Garg, MD
	Discussion	Faculty
1:40 - 2:00 PM	Break with Exhibitors and Breakout Discussion	
2:00 - 3:35 PM	General Ophthalmology Update	Moderator: Sanjay Kedhar, MD
	Thyroid Eye Disease	Jeremiah Tao, MD
	Paralytic strabismus: techniques and considerations	Vivek Patel, MD
	Confocal microscopy for infectious keratitis and beyond	Olivia Lee, MD
	Update on optic neuritis	Wade Crow, MD
	Necrotizing scleritis and PUK	Sanjay Kedhar, MD
	Diplopia and cataract surgery - considerations	Charlotte Gore, MD
	CNS manifestations of GCA	Vivek Patel, MD
	Discussion	Faculty
3:35 - 3:40 PM	ARS	
3:40 - 3:45 PM	Closing Remarks	Baruch D. Kuppermann, MD, PhD
